Job No.: Z060180138

Certification scheme 1a according to the EN ISO/IEC 17067 including testing of product samples.

Certification Body confirms by this certificate, that performances of the product samples are in compliance with requirements of the technical specification:

- Technical Specification of Product No. 060-048672, issued by Technical and Test Institute for Construction Prague, of May 24, 2019

This certificate refers to the Report of the Product Certification No. 060-048673 of May 24, 2019, issued by Technical and Test Institute of Construction Prague – branch-office Brno, which has been handed over to the applicant. The report includes the conclusion of the findings and terms of validity of the certificate.

The certificate has 1 annex (1 page), that is to be considered an integral part of this certificate.

Brno, May 24, 2019

The certificate is valid till: May 31, 2022

Ing. Miroslav Procházka
Deputy Manager of the Certification Body

Annex of the certificate No. 060-048678

Conditions of validity and using of the certificate:

1. Certificate of conformity has to be used only for purposes for which it was issued.
2. This certificate does not replace documents issued by the Authorized Body pursuant to the Government Decree No. 163/2002 Coll., as amended, or by Notified Body in accordance with Regulation 305/2011/EU of the European Parliament and of the Council, as amended;
3. Certified product must be permanently in compliance with the technical specification.
4. The certificate holder is obliged:
 - a) to inform the Certification Body about any changes: modification of product, production process, materials and/or changes of factory production control influencing the product conformity;
 - b) to inform the Certification Body about any changes of ownership, structure or management;
 - c) to record any complaints relating to non-conformity of certified product with requirements of the technical specification;
 - d) to take appropriate actions to eliminate the non-conformity and record actions taken;
 - e) to make records about complaints mentioned above available to the certification body when requested.
5. Certification Body re-evaluates the product in case of a change of technical specification, in case of changes affecting product performances or in case of significant changes of ownership, structure or management.
6. Against this certificate the applicant has the right to appeal to TZUS Prague, Quality Control Department within 15 days of receipt of this certificate.

This Annex is an integral part of the certificate No. 060-048678

Brno, May 24, 2019
